Organizing Leads Wanted

Your Local Lodge is actively seeking organizing leads. If you know of anyone who may want to be represented by a union, we would like to talk to them; this could be a friend, family member, or maybe a former coworker. Everyone deserves representation and everyone has the right under the law to be in a union if they so desire. We would like to encourage you to talk to people about joining the IAM and put them in contact with the Local Lodge Organizer, Mike Fink. Have them call your Union Hall at (513) 423-6573, Email mfink@LL1943.org or fill out the contact form on our website <https://www.ll1943.org/organize>.

This Month In Labor History

January 29th, 1834 - Responding to unrest among Irish laborers building the Chesapeake and Ohio Canal, President Andrew Jackson orders first use of American troops to suppress a labor dispute.

January 11th, 1912 - The IWW-organized "Bread & Roses" textile strike of 32,000 women and children begins in Lawrence, Mass. It lasted 10 weeks and ended in victory. The first millworkers to walk out were Polish women, who, upon collecting their pay, exclaimed that they had been cheated and promptly abandoned their looms.

January 6th, 1916 - Eight thousand workers strike at Youngstown Sheet & Tube. The following day the strikers' wives and other family members join in the protest. Company guards use tear gas bombs and fire into the crowd; three strikers are killed, 25 wounded.

January 11th, 1936 - Nearly two weeks into a sit-down strike at GM's Fisher Body Plant No. 2 in Flint, Mich., workers battle police when they try to prevent the strikers from receiving food deliveries from thousands of supporters on the outside. Sixteen strikers and spectators and 11 police were injured. Most of the strikers were hit by buckshot fired by police riot guns; the police were injured principally by thrown nuts, bolts, door hinges and other auto parts. The incident became known as the "Battle of the Running Bulls"

January 15th, 1946 - Some 174,000 members of the United Electrical, Radio and Machine Workers union (UE) struck General Electric and Westinghouse after the power companies, with record-setting profits, offered just a half-cent per hour increase. After nine weeks, the strike was settled with an 18.5-cent hourly wage improvement

January 21st, 1946 - Some 750,000 steelworkers walk out in 30 states, the largest strike in U.S. history to that time.

January 17th, 1962 - President John F. Kennedy signs Executive Order 10988, guaranteeing federal workers the right to join unions and bargain collectively.
